

## VELCRO LEARNING

Instruction without interest is like having only one side of a piece of Velcro. It just doesn't stick. To have Velcro learning you must have instruction and interest.

You may obtain this many different ways.

(1). One is project based learning

(2). Using web 2.0 concepts.

## Within a 21<sup>st</sup> Century Classroom

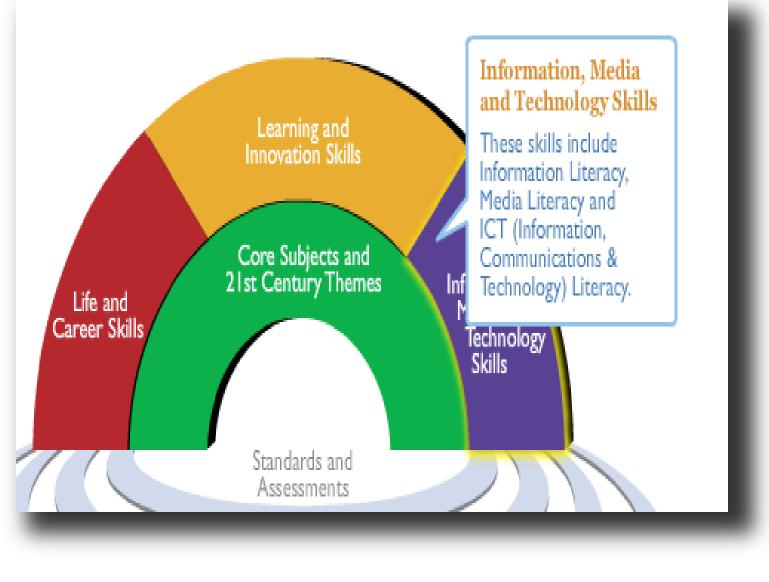

- Learning takes place through real-world examples
- Learning must be relevant, engaging, and meaningful to students
  - Learning must expand beyond the classroom walls
  - There needs to be global awarenesslearning takes place outside the four classroom

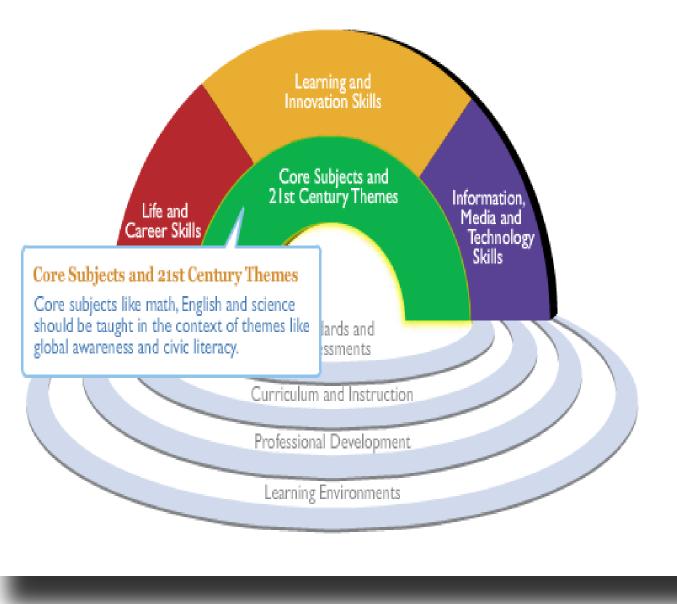

## 21st Century Skills Framework

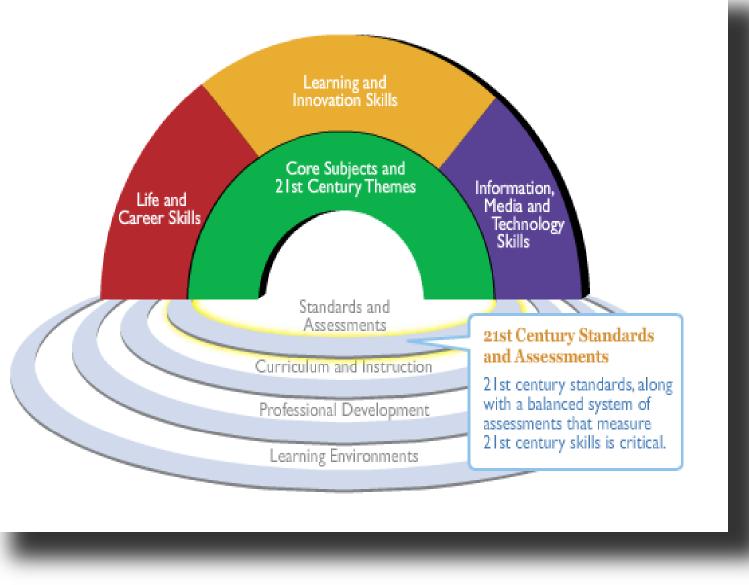

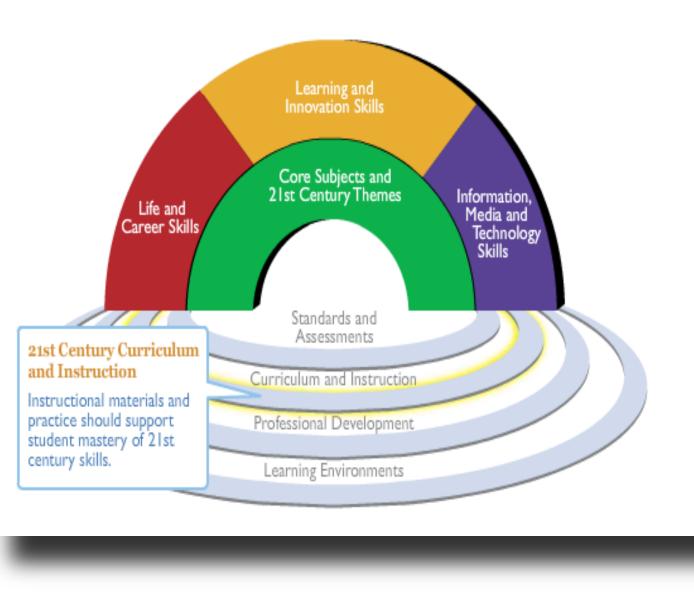

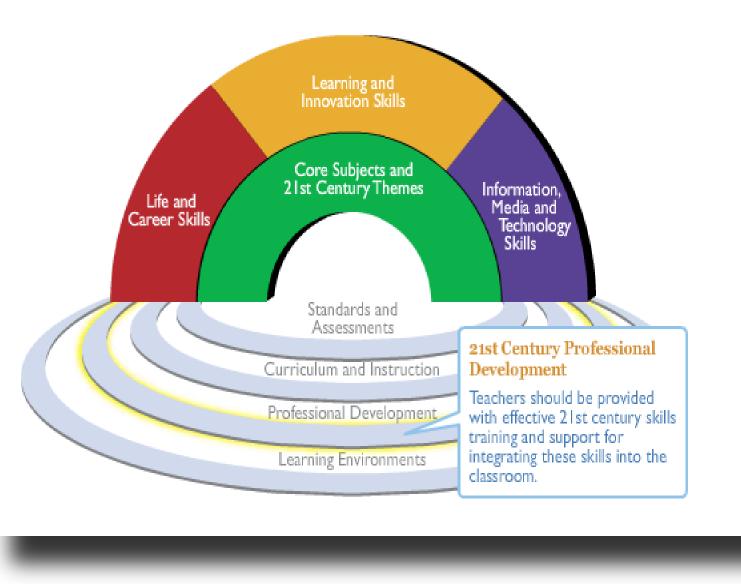

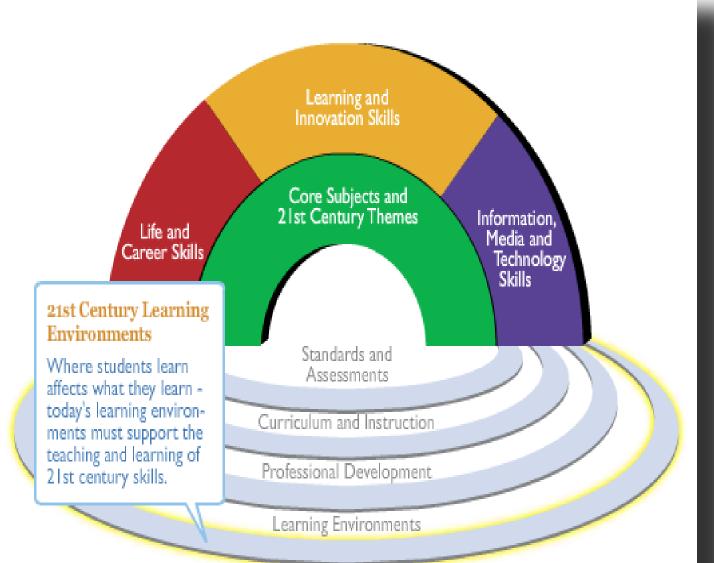

#### Imagine a school with students who....

"Today's education system faces irrelevance unless we bridge the gap between how youth live and how they learn."

"The illiterate of the 21st century will not be those who cannot read or write, but those who cannot learn, unlearn and relearn."

#### Students must be able to...

- Think critically
- Solve problems
- · Be innovative
- Communicate effectively
- Collaborate
- Be a self-directed learner
- Be information and media literate
- Be civically engaged
- Be civically engaged
- Be information and media literate
- Be a self-directed learner

### Teaching the 21st Century Learner

#### Requires:

- Much less emphasis on the amount of material that is memorized
- Much more emphasis on making connections, thinking through issues, and solving problems

## Teaching the 21st Century Learner

- · Teacher's Role:
  - Facilitate peer-to-peer learning
  - Provide meaningful, engaging lessons
  - Provide opportunities for students to see the real-world connections in what they are learning
  - Meet students where they are and take them as far as they can go
  - Provide opportunities for collaboration, problem solving, and communication
  - A partner in teaching and learning flexible
  - problem solving, and communication

    A partner in teaching and learning flexible
  - Provide opportunities for collaboration,

## What do 21st Century Lessons Look like?

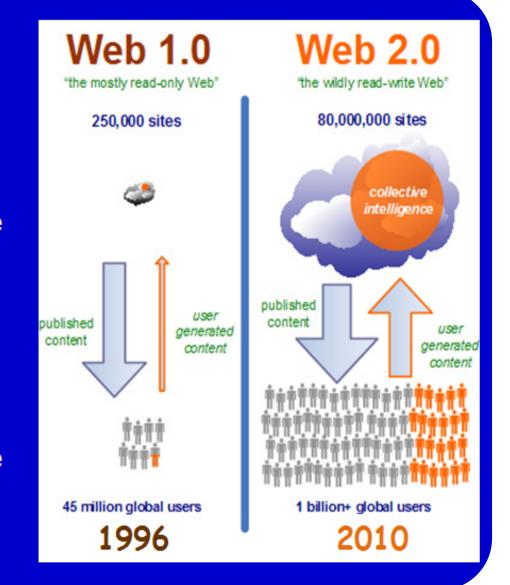

- Work with a partner or small group.
- Read through the lesson examples.
- Determine which lessons engage students in 21<sup>st</sup> century learning.
- Be ready to share what makes one lesson a 21<sup>st</sup> Century lesson.

lesson a 21st Century lesson.

Be ready to share what makes one
