

LESSON ___ NUMBER SQUARE ADDITION

NAME _____

DIRECTIONS: A blank lesson has been created for you to work on. Please fill in the numbers you want to use for addition for both LESSON A and LESSON B. Place the totals you want in the far right and bottom columns for both lessons. Make sure your totals are correct in both sides and bottom. Only leave one blank square for each row. You determine how large the number will be for the column's totals

LESSON A

TOTAL

				=	
				=	
				=	
				=	

= = = =

				TOTAL
--	--	--	--	--------------

LESSON B

TOTAL

				=	
				=	
				=	
				=	

= = = =

				TOTAL
--	--	--	--	--------------
