

## *Graphing and Counting Bears*

*Teaching concept: Teaching addition and subtraction with graphs*

*Directions:*

- 1) You will need to log into your google account*
- 2) Copy the spreadsheet when it says copy*
- 3) Your spreadsheet with bears will appear*
- 4) In the yellow section you will discover numbers that you may change to teach addition and subtraction*
- 5) Place the mouse or curser on the number of the column of bears you wish to change.*
- 6) Changing the numbers will permit the bears to add or subtract whatever number you type in.*
