

# Lesson 3 DIGIT ADDITON

Name \_\_\_\_\_

*Directions: Use the clues to solve each puzzle. To find the correct number, cross out the answer to each clue in the square that is accounted for. Your answer will be the number that is left. The format has been created just retype the numbers and place the new totals in the squares that we have provided.*

It's not      or      or

It's not      or      or

It's not      or

What is the number? \_\_\_\_\_
