

Lesson – 2 On Numbers and Counting

Name _____

Directions: Please click on the video button to provide you with guidelines and solutions. This lesson is requesting you to fill in the missing numbers by counting using different stages depending on which of the tables listed below you are manipulating. The first table begins with 25 the second is by 50 and the third one 100 and the last one is via 1,000. Position the numbers in the empty spaces provided.

Count by 25's

25			100	
		200		
	300			
400				500
			600	
		700		
	800			
900				1,000

Count by 50's

50	100	150		
300		400		
550				750
	850			1,000

Count by 100's

100				
				1,000

Count by 1,000's

1,000			4,000	
				10,000
