

LESSON 7 PLACE VALUE

Name _____

Students you will create your own lesson using the same logic from the previous lessons.

Rename each number by regrouping. Take from the tens place and give to the ones place as shown in the example below.

$$0) \quad 37 = \overset{2}{\cancel{3}} \text{ Tens and } \overset{17}{\cancel{7}} \text{ ones} = \underline{2} \text{ Tens and } \underline{17} \text{ Ones}$$

$$1) \quad \underline{\quad} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ ones} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ Ones}$$

$$2) \quad \underline{\quad} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ ones} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ Ones}$$

$$3) \quad \underline{\quad} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ ones} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ Ones}$$

$$4) \quad \underline{\quad} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ ones} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ Ones}$$

$$5) \quad \underline{\quad} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ ones} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ Ones}$$

$$6) \quad \underline{\quad} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ ones} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ Ones}$$

$$7) \quad \underline{\quad} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ ones} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ Ones}$$

$$8) \quad \underline{\quad} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ ones} = \underline{\quad} \text{ Tens and } \underline{\quad} \text{ Ones}$$
