LESSON 17 ROUND AVERAGE YOUR TIME

In this assignment you will use round and average working with the top part of this lesson. The second part you will sum up the hours you have used for the week in different areas.

PART(1)

The equation for the Student Average =ROUND(AVERAGE(B3:E3),1)Cell F3

Use this one to fill down average for each test:

=ROUND(AVERAGE(B3:B8),1) Cells B9

PART(2)

The equation going across TOTAL: SUM(B14:H14) Place this in cell I14
The equation counting down TOTAL: SUM(B14:B26)
