

# Word Search Creator

You will design a word search lesson and printout a hard hardcopy. You will find this lesson listed on the live links page on the technology website. You need to choose the Word Search tab. You will discover what the program looks like listed below.

1. Give your Word search a name, your name.
2. Must choose **BIG** and upper or lower case
3. Choose 15 words that you are presently using in class.
4. Select the size and letter case of your puzzle.
5. Enter the words for your puzzle. You must make sure all words are all spelled correctly.
6. When done you are given a choice of on line or printout a hard copy. (PRINTOUT A COPY)!
7. Print this out and submit for a grade.
