

“Lessons for Slides or Power Point”

*This course is designed to provide educators the flexibility of 24-hour access to instructions, working at your own pace. You will not have a face-to-face meetings or online cheat sessions with this course. The website will provide you with all the instructions needed with examples that are accompanied with videos in deemed necessary. Please email me your phone number, Name of school and what grade or subject you teach, upon registering for the class. I will provide a call to clear up any questions you may have. Registration may take place at any time during the year. There is not a set beginning or end time. You must finish by the date we have posted on the Classes web page “Classes”. Teachers may choose to take (start) this class at any time prior to the ending date. The span of time needed to complete the course is normally **three** weeks from the date that you start the class. If you need more time just email me to adjust with you. As a professional, you need to create **TWO (2) lessons of at least 10 slides each. You may create your lessons in Google Slides or in Power Point. Each lesson must be emailed to me. This will allow me to work with your lesson and obtain the full effect of what you created.** If you are teaching multiple disciplines such as in elementary school you may provide two different lessons example (Math, Science, Social Studies, Language Arts)'*

On the webpage, I have created for this course; you will discover the following: I have listed several videos and examples that you may learn from.

Please remember after sending me your lessons for your grade, I may place it on my website as an example to other educators.

You will discover everything you need on the website I have created for this course by clicking on one of the three buttons.
