Creating a Chart

Creating a Chart

Name _____

- 1. Create the chart from the information listed below and then answer the questions.
- 2. When you're done scan in the QR code at the bottom.

The list below shows the number of different drinks a grocery store sold in a day.

Soda	Soda
Water	Milk
Milk	Water
Milk	Soda
Milk	Soda
Milk	Water
Milk	Soda
Water	Soda
Milk	

Organize the list of drinks sold into a chart.

Water	Milk	Soda
(1)	(2)	(3)

- 4) Did they sell more milk or more water?
- 5) Did they sell less milk or less water?
- 6) Which drink sold the most?
- 7) Which drink sold the least?

The list below shows the different pets in a pet store.

Dog
Dog
Cat
Cat
Cat

Organize the list of pets into a chart.

Fish	Dog	Cat
(8)	(9)	(10)

- 11) Were there more cats or fish?
- 12) Were there less cats or fish?
- 13) Which pet was there the most of?
- 14) Which pet was there the least of?
