

Digraph Battleship

Name _____

Find five “battleships” where the words are arranged where the same digraphs are consecutive words (e.g.ch, ch, ch, ch). There is a two-number ship, a three- number ship, two four-number ships, and a five-number ship. Place a circle around each ship.

ship	top	knew	a	would	fang	chin
shop	cat	stump	the	hang	home	chip
red	ball	fun	been	jump	orange	church
block	blue	could	rock	lock	stick	chick
when	whip	whale	whistle	which	hug	bus
cake	dog	buzz	stuff	come	rope	plug
thump	thank	thin	stop	fluff	run	Ken
