

# Gerri's Game

Question	What Inference	Clues / Evidence
Who do you believe the old man is playing against?		
Is this a reasonable match?		
Why is he laughing across the table after each move?		
Why is he moving his one chess piece and looking at the expression of the man across from him?		
How does he conquer his opponent?		
Who wins the game and why is he smiling so much?		

Write a one Sentence summary of the story.
