

10A1 Worksheet video 3 Name _____

Problem 1

You will find two colorful witches below blue and red. Count and place the total blue witches and red ones in the spaces provided below. Then find the Sum.

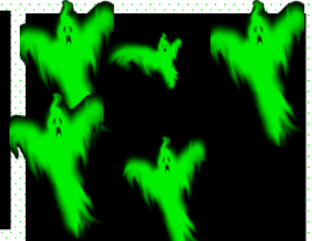

Answer

$$\begin{array}{c} \underline{\quad\quad} \\ \text{Blue} \end{array} + \begin{array}{c} \underline{\quad\quad} \\ \text{Red} \end{array} = \begin{array}{c} \underline{\quad\quad} \\ \text{Sum} \end{array}$$

Problem 2 You will discover two dark boxes with ghosts in each of them. Count the number of Ghosts in each DARK box. Place that total in the space provided. Add them together to get the Sum.

Dark - 1

Dark - 2

Answer

$$\begin{array}{c} \underline{\quad\quad} \\ \text{Dark - 1} \end{array} + \begin{array}{c} \underline{\quad\quad} \\ \text{Dark - 2} \end{array} = \begin{array}{c} \underline{\quad\quad} \\ \text{Sum} \end{array}$$

Problem 3 You will discover in the pumpkin patch two types of pumpkins Count the ones left of the tree and place that total in the space provided then count the ones on the right side of the tree. Add them together for the sum.

Left Patch

Right Patch

$$\begin{array}{c} \underline{\quad\quad} \\ \text{Left Patch} \end{array} + \begin{array}{c} \underline{\quad\quad} \\ \text{Right Patch} \end{array} = \begin{array}{c} \underline{\quad\quad} \\ \text{Total (sum)} \end{array}$$

Problem 4 You will find ghosts on the left and zombies on the right. Count the number of each and place that number in the space provided. Then find the Sum of both.

Answer

$$\begin{array}{c} \underline{\quad\quad} \\ \text{Ghosts} \end{array} + \begin{array}{c} \underline{\quad\quad} \\ \text{Zombies} \end{array} = \begin{array}{c} \underline{\quad\quad} \\ \text{Total} \end{array}$$
