

SYMMETRY

Prob - 1

You are shown half a pattern and a horizontal line of symmetry. You need to pick up a blue pen and draw a few lines in each square to illustrate that you know the symmetry of this object. When you are done we will provide you with the answer.

PATTERN

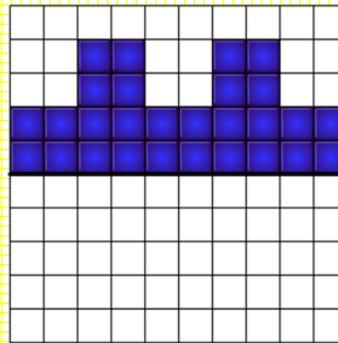

SYMMETRY

Prob - 2

You are shown half a pattern and a horizontal line of symmetry. You need to pick up a blue pen and draw a few lines in each square to illustrate that you know the symmetry of this object. When you are done we will provide you with the answer.

PATTERN

SYMMETRY

Prob - 3

You are shown half a pattern and a horizontal line of symmetry. You need to pick up a blue pen and draw a few lines in each square to illustrate that you know the symmetry of this object. When you are done we will provide you with the answer.
