

ALGEBRA VIDEO 1-2 Worksheet Name _____

ALGEBRA Lesson 1
Solving math problems using Algebraic Logic

Find the value of X if both sides balance.
 $X + 2 = 8$

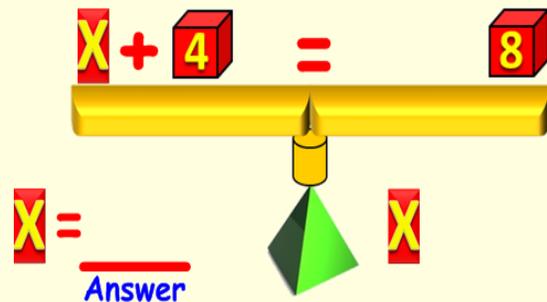

ANSWER

ALGEBRA Lesson 2
Solving math problems using Algebraic Logic

Find the value of X if both sides balance.
 $X + 4 = 8$

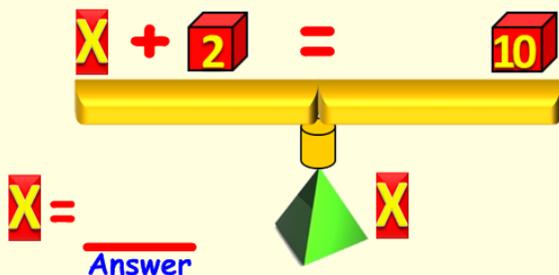

ANSWER

ALGEBRA Lesson 3
Solving math problems using Algebraic Logic

Find the value of X if both sides balance.
 $X + 2 = 10$

ANSWER

ALGEBRA Lesson 4
Solving math problems using Algebraic Logic

Find the value of X if both sides balance.
 $X + 3 = 5$

ANSWER
