

KMD3 Worksheet video 1 Name _____

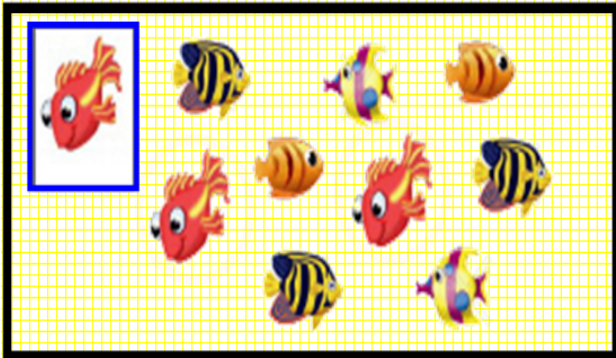

1. Put a blue circle around the objects that are the same. Place a black X on the one that is different. Tell why.

2. Look at the objects below. Put a green circle around the objects that are the same.

3. Chris wants to buy a fish just like the one in the blue box. Draw a red circle around all the fish that are the same as the one Chris wants to buy. Put a black X on all the fish that are different than the one Chris wants to buy.

4. Look at the objects below. Draw a red circle around the objects that do not belong in the sky. Explain why these are circled.
