

Name: _____ Lesson 10-B

Use your math to complete the Number Picture Puzzles

$$\text{Duck} + \text{Duck} + \text{Duck} = 15$$

$$\text{Tiger} + \text{Tiger} + \text{Tiger} = 9$$

$$\text{Peter Pan} + \text{Peter Pan} + \text{Peter Pan} = 12$$

What is the value of each of the following?

$$\text{Duck} = \underline{\quad\quad} \quad \text{Tiger} = \underline{\quad\quad} \quad \text{Peter Pan} = \underline{\quad\quad}$$

$$\text{Donald Duck} + \text{Donald Duck} + \text{Donald Duck} = 18$$

$$\text{Cobra} + \text{Cobra} + \text{Cobra} = 3$$

$$\text{Elephant} + \text{Elephant} + \text{Elephant} = 30$$

What is the value of each of the following?

$$\text{Donald Duck} = \underline{\quad\quad} \quad \text{Cobra} = \underline{\quad\quad} \quad \text{Elephant} = \underline{\quad\quad}$$
