

# Feeding the Fish Recording Sheet

Name: \_\_\_\_\_

Materials needed for a single student

A recording sheet and a pair of dice of two different colors

Materials needed for pair of students:

A recording sheet for each student

A pair of dice for each student

Directions: The student rolls the dice and records the number in the boxes provided and then writes the correct symbol (Less than, Equal to, or Greater than in the blank provided between the two numbers. They may work by themselves or in pairs and they may use one or two dice for generating their numbers.
